First tool picked *Il giocatore prende il primo attrezzo per restaurare l'oggetto*	Oh no. Yet another stranger pawing at my things. Magnificent. You there, are you one of the servants? No. Of course not. No one announces themselves, no one brings the tea. As always. It was an enormous house, mine. Far too big for a lonely woman. My husband was forever away on business, in ports whose names I never bothered to learn... and I was left to receive guests out of duty and write letters no one read. At least the saucer... oh. It's chipped. That too. In that house everything cracked, and no one noticed in time. Come now, don't just stand there. If you must touch my things, at least make yourself useful. Mend it!	117	Manifestazione: si presenta, si lamenta, blocca il restauro.
Workbench view changed to ritual table *Il giocatore sposta la visuale dal banco di lavoro al tavolo del rituale (a sinistra), prima di completare il rituale*	No. No. Hands off! You don't touch that until we settle a certain matter. Look where you've put me. This table: cold, bare, brr, truly dreadful. A lady like me doesn't belong in a place like this: I used to receive visits from duchesses, you know. Half the country would turn to look at me! I want a proper home. Somewhere around here there has to be something that suits me. Find it! And be quick about it: I've already spent a whole life waiting for someone to notice me. I shan't start again now, left on a table while you play with my tea set.	106	Richiesta velata dell'oggetto-casa (portagioie).
Wrong Home Object Placed *Il giocatore porta al fantasma l'oggetto-casa sbagliato*	This? This dusty piece of junk? Who do you take me for? A lady wouldn't lay her dirty gloves on it. Did you listen to a single word I said? Try again, and, this time, use your head!	38	Rimprovero per l'oggetto-casa sbagliato → porta al game over.
Ritual Completed *Il giocatore completa il rituale con l'oggetto-casa giusto*	Oh. Oh. Now this is a place worthy of a lady. Look at the quality. Someone kept it with care, you can tell when a thing has been loved. I had a younger sister. She knew how to make a room beautiful. I was the beauty of the family, everyone said so; but she had everything else: the invitations, the laughter, the men who turned for her and not for me. I never forgave her for it.	77	Ringrazia il giocatore e apre il tema della sorella (Beatrix).
